PicoTherm Corporation becomes NETZSCH Japan K.K., Tsukuba Office

Launched in 2008 with support from the National Institute of Advanced Industrial Science and Technology (AIST), PicoTherm Corporation is an R&D venture aimed at disseminating thermal measurement technologies for thin films.

Effective 1 July 2021, PicoTherm will consummate its merger with NETZSCH Japan (Headquarters: Yokohama; Managing Director: Yoshio Shinoda) as NETZSCH Japan's Tsukuba Office.

This merger pools PicoTherm's accrued technical capabilities in thin film thermal measurements with those of NETZSCH Japan to further boost its services.

At this juncture, our team reaffirms its determination to meet and to exceed our clients' needs and expectations.
